Provided Supplies:

- 1 Jar
- colored craft sticks
- 1 Chalk Marker
- 1 Fine Tip Permanent Marker
- Twine
- 1 rainbow legend chalkboard label
- 1 round chalkboard label
- Date Night Suggestion List

Instructions:

1. Divide your craft sticks by color.
2. Assign each color a category (i.e., expensive, romantic, etc.).
3. Select date nights from the suggested list or come up with your own ideas. Make sure your date nights align to the categories you have selected and the number of craft sticks you have for each category.
4. Using the fine-tip permanent marker, write the date nights on the craft sticks, matching up the date nights to the categories you have selected.
5. Using the chalk marker, decorate the round chalkboard label with the words "Date Night." Wait for the chalk to dry and then apply this label to the front of your jar.

6. Using the chalk marker, fill in your date night categories on the rainbow legend chalkboard label. Wait for it to dry then apply this label to the back of your jar. (The tip of your chalk marker is reversible! Pull it out and flip it around to use a chisel tip - this will allow you to write with more precision.)

7. Tie the twine around the top of the jar as a decoration.
8. Put all of your craft sticks into the jar.
9. When you're ready to plan a date night, you or your partner can pull one of the craft sticks out of the jar and ta-da! Date night decision made!
