**ARTICLE EIGHT of The Unified Development Code states:** *Service areas and trash receptacles shall be located at the rear of the property and shall not face a street. The dumpster shall be screened with a masonry wall compatible in material and color with the primary building. Solid metal doors shall be utilized for dumpster screening closure. A pedestrian access point shall be provided for access to a dumpster location to facilitate access without opening the gate. Unless otherwise noted, the screening requirement shall be masonry screening. The following uses shall be screened: Trash compactors and bins*
