

Please provide each of the items below.

Elevations

Architectural elevations showing all sides of the proposed building and labeled north, south, east and west.

The height of the proposed building clearly dimensioned.

All exterior finishes and roofing materials clearly identified.

A table showing the percent of each building material per elevation and for the entire building, exclusive of windows and doors.

One sheet with all elevations in color with labels and dimensions removed to serve as a color sample of exterior finishes.
